

Competition-grant of VNIIMP of V.M.Gorbatov «The young science»

We invite to take part in competition-grant of young scientists of VNIIMP «The young science». Post-graduate students of internal, correspondence mode of study and competitors can take part in this competition. The age of participants shouldn't exceed 35 years.

Competition will pass in two stages. Demands will be accepted in four nominations – the best search, scientific, experimental and methodical work. At the first stage selection round will be spent and the most perspective scientific workings out are defined. Following the results of carrying out of selection round it will be necessary for participants of competition to present the work in more details. By consideration of the presented works, the competitive commission will define winners in each nomination.

Winners of competition-grant will have an opportunity additional financing of the research works within 6 months.

Upon termination of competition-grant winners will deliver reports on the done work to Russian Academy of Agricultural Sciences and will act with the report on results on the Academic council of VNIIMP.

It is possible to familiarize yourself with competition-grant regulations and the application form for participation on our site www.vniimp.ru.

It is necessary to present demands to organizing committee on the paper carrier or to direct by e-mail das_tih@mail.ru not later than November, 25th, 2011.

We wish good luck!

The chairman of the council of young scientists of VNIIMP

Andrey Dydykin.
